Guarantee

We cannot guarantee any trees, shrubs and plants sold by us, other than that they are true to name and free from disease, and hold ourselves prepared to replace, on proper proof, all that may prove to be otherwise; we do not give any warranty, expressed or implied, with respect to them. Any and all such goods are sold upon the express condition and understanding that in case any of them prove to be untrue to name, unhealthy or otherwise defective, we shall not be held responsible for a greater amount than the original price of the goods. In no case do we assume responsibility after goods are shipped, unless for our own mistakes. If the purchaser does not accept the goods on these terms, they are to be returned at once.

 No claims for errors or shortages will be allowed unless made immediately upon receipt of goods.

 We will not fill long lists for one or two of a kind at less than single rates; we will supply 25 of a kind at hundred rates, 250 of a kind at thousand rates. **Samples will be charged at ten rates.**

 The only guarantee we make is that the stock will be true to name and in good condition when it leaves our grounds.

 All stock selected and marked by customer at the Nursery will be charged for in accordance with its value; prices in this catalogue will not govern such stock.

TERMS—Cash with order from unknown parties, or satisfactory reference. If goods are to be sent C. O. D., one-third of the amount must accompany order. Packing will be done in the best manner, in bales or boxes, at the expense of the purchaser, but no charge will be made for delivery to the railroad in Elizabeth.

A Certificate of Inspection is attached to all shipments.

Evergreen Trees

 Customers who do not want their stock burlapped, will so state when ordering.

We ball and burlap all Evergreens, when we think it an advantage, at an additional charge of 5c. for 18 to 24 in., 10c. for 2 to 4 ft., 15c. for 4 to 5 ft., 20c. for 5 to 6 ft., and larger sizes in proportion.

If customers desire to select their own stock, they will be charged 50 per cent. over and above prices quoted in this catalogue.

Cheap Evergreens for Screening

* We have 10,000 Evergreens running from 6 to 15 ft. in height, which would be very fine for screening purposes; they are not quite perfect on all four sides and we can sell them at very low prices. These trees have all been transplanted several times. We will sell them in quantity at one-half the price of specimen trees. They consist of Retinisporas, Pines, Spruces, Cedars and Arborvitæ.

Ibota and Amoor Privet, as fine as can be found in the United States.

POT-GROWN ROSES

The Roses we offer are, with few exceptions, field-grown plants that were potted during December and January and started in coldframes so they break away naturally in the Spring, making the best possible stock for planting out.

Prices given on first size are for two-year-old plants out of 4, 5 and 6-inch pots, according to the growth of the variety.

HYBRID PERPETUAL ROSES

Herbaceous Plants

Each will be an individual plant, not divided, and guaranteed true to name.

 This line with us is a special department, and is under the control of an expert grower, whose every effort is and will be to produce plants equaled by no one.

PRICES

In this price list where the ten price is given, it is intended to cover straight lots of ten plants each. Where less than 5 plants are ordered, an advance of 2 cents per plant over the rate will be charged.
